

Dear SoCalREN Advisory Committee Member,

The Southern California Regional Energy Network (SoCalREN) is pleased to welcome you as a member of the SoCalREN Advisory Committee. Thank you for your commitment to our communities, energy efficiency, and Southern California’s sustainable energy future!

The Advisory Committee is a dynamic group of public agency energy champions from throughout SoCalREN’s service territory. The Committee was formed to get input from local leaders to ensure SoCalREN is delivering maximum benefit across all of the communities we serve. In order to achieve this goal, the Advisory Committee meets quarterly to provide advice, guidance, and support for SoCalREN’s portfolio of programs. The Committee also reviews program performance, receives regulatory updates, and offers an opportunity for feedback and discussion on topics critical to the ongoing success of the SoCalREN.

As an Advisory Committee member, your role is to:

	Collaborate & Innovate You can provide important input to ensure communities are receiving optimum benefit from SoCalREN.
	Be Informed SoCalREN will provide updates on progress and accomplishments on its various programs.
	Guide and Advise SoCalREN will ask for your advice, suggestions and guidance on program performance.
	Be an Advocate As a representative in your region, you can provide invaluable support, education and recognition for SoCalREN’s programs.

The SoCalREN team has prepared this New Advisory Board Member Welcome Packet to help you quickly adjust to being an active Advisory Board Member. If you have questions, need additional resources, or would like to discuss customized communications materials, just contact us!

Thank you again and welcome to the Advisory Committee!

Sincerely,

Southern California Regional Energy Network
